

4TH Annual Florida State Table Soccer Championship

January 13-15, 2006 at
Player's Grille, Fleming Island
to benefit
Quigley House

Quigley House

So far we have raised \$54,000 in our first 3 events. The most exciting event last year was Parent/Child doubles (new last year) and we expect a greater participation this year. Basic guidelines are: child must be under 14 yrs old and play with a parent or legal guardian. Also, the adults must play the goalie (defense) so we can let the kids have fun trying hard to score. This event is part of the ongoing Right Decisions, Right Now anti smoking campaign. The rest of the tournament will have singles and doubles events, and grouped by novice (rookie) expert and masters. Players will be competing for \$4000 PLUS prizes and trophies. Our Foosball for Hospice (Staunton, Va.) event last July was featured on ESPN

Players Grille on Fleming Island is proud to host the event again and the 2 Bonzini foosball tables there give back 10 percent of all coin collected to Quigley House.
